UPC: 062503748315

You've asked and we've delivered with the improved BORA!

The Bora is a beloved airflow solution for mariners worldwide. This direct-wire, high-performance cabin fan is the quietest and most powerful marine fan in its class, and its compact design handles any onboard airflow challenge. Proudly made by Caframo in Canada.

Key Features:

- Updated look with integrated modern, sleek push button.
- Digital control and improved switch function.
- 12/24V Auto-sensing technology, reduces SKU count.
- 2 Year Limited Warranty
